

How the VCCP Representative Opportunity Works

Build relationships. Help businesses. Create recurring-income potential.

A RELATIONSHIP-FIRST PATH

You open the door. VCCP helps guide the merchant from evaluation through activation.

**1**

START CONVERSATIONS

Talk with business owners you know or meet. Listen for concerns about fees, service, equipment, or POS needs.

**2**

INTRODUCE QUALIFIED MERCHANTS

Connect interested business owners with VCCP and share the information needed for a helpful first review.

**3**

MATCH THE RIGHT SOLUTION

VCCP evaluates the business and helps identify an appropriate processing, equipment, or POS solution.

**4**

EARN RECURRING RESIDUALS

When an approved account activates and processes, eligible representatives may earn residual income under their written agreement.

**5**

BUILD A PORTFOLIO - AND A TEAM

Keep serving merchants, add new relationships, and, when eligible, help productive representatives grow beneath you.

VCCP SUPPORTS THE JOURNEY

Personal guidance

through each opportunity

Solution support

for processing and POS

Ongoing partnership

after activation

READY TO EXPLORE THE OPPORTUNITY?

Start with a conversation about your network, goals, and fit with VCCP's relationship-first approach.

Representative eligibility, compensation, residuals, leadership opportunities, account ownership, duties, and payment terms are governed by the applicable written agreement. Merchant approval and activation are not guaranteed. Actual results depend on individual effort, merchant activity and retention, processing volume, pricing, and other factors.
